We provide a full in house design service. Supply us with your brief and our experienced designers and account managers will guide you through the process to convert your ideas into a finished product.

## Supplied Artwork

We are happy to print directly from your own artwork files. Supplied artwork should meet the following requirements:

- PDF, JPEG or TIFF at least 300dpi (high resolution)

- **3mm bleed** on all edges

But don't worry, all files are "quality controlled" before we print to make sure you get what you are expecting.
